LIMA CHRISTIAN SCHOOL

Dear Prospective Parents,

Thank you for your interest in Lima Christian School. Since the school's founding in 1974 we have been assisting parents in raising up children who are prepared to live as Christians in a challenging world. We also have the unique privilege to challenge students to live out their faith in every aspect of their lives; academically, physically, socially, and spiritually.

The school was founded 36 years ago by Lima Baptist Church as a ministry to the larger Christian community. Over the years the school has served hundreds of students with our current enrollment at 215 students from over 30 different churches. These students are offered a K-12 curriculum that is Christ-centered and Biblically oriented. All students have the opportunity to grow through core course offerings in addition to the required Bible courses and electives in art, music, and technology. Our High School students can complete the requirements to receive a New York State Regents Diploma as well as earn college credit in upper level Math, Science, Psychology, and English.

In addition to challenging students academically we also provide students with a variety of extra-curricular activities. These include opportunities to serve anywhere from school to abroad with activities ranging from being part of the school worship team, participation in the school's annual drama production, and the annual short term missions trip to Mexico. Students are challenged physically through participation in Section V athletics (Soccer, Basketball, X-Country, Baseball, Softball, and Golf) and club activities such as skiing and bowling.

All of these academic and extra-curricular offerings are focused toward our vision of creating "servant-learners" who are ready to impact their world for Christ. This year we have partnered with the Big John School in Malawi, East Africa in order to focus students on an attitude of service. It is our belief that this school will be a training ground for future doctors and lawyers, fathers and mothers, as well as missionaries and pastors, who will follow Christ's example of service to others.

We hope that you will allow us to work with you and your family as you consider your child's education. There is a wealth of information regarding the school available at the school's web-site including tuition schedules which reflect our newly *reduced kindergarten tuition*. Feel free to contact us directly at the numbers listed above if you have further questions. I thank you again for your consideration of this ministry, and may God bless you and yours!

Sincerely,

Mark McClelland

To God Be The Glory
